

LORA L. IANNOTTI, Ph.D.

Washington University in St. Louis, Campus Box 1196, St. Louis, MO 63130

Tel: 314.935.4396

E-mail: liannotti@wustl.edu

EDUCATION

- 2007 Ph.D. International Nutrition
The Johns Hopkins University Bloomberg School of Public Health, Baltimore, MD
Dissertation: Maternal zinc supplementation: growth, body composition, and morbidity outcomes through infancy
- 1992 M.A. Foreign Affairs
University of Virginia, Charlottesville, VA
Woodrow Wilson School of Government and Foreign Affairs
Thesis: Assessing beneficiary impact in rural development projects in Haiti
- 1990 B.A. Political Science
University of Missouri, Columbia, MO
Certificate in French studies, Institute for American Universities, Aix-en-Provence, France
Thesis: Immigrants in the United States

PROFESSIONAL EXPERIENCE

- 2016 – present Associate Professor, Institute of Public Health
Brown School
Washington University in St. Louis, MO
- 2010 – 2016 Assistant Professor, Institute of Public Health
Brown School
Washington University in St. Louis, MO
- 2007 – 2009 Postdoctoral Fellow, Poverty, Health, and Nutrition Division
International Food Policy Research Institute (IFPRI), Washington, D.C.
- 2008 – 2009 Adjunct Professor, Department of Global Health
The George Washington University School of Public Health and Health Services,
Washington, D.C.
- 2004 – 2007 Research Assistant/Consultant, Department of Population and Family Health Sciences,
Department of International Health
The Johns Hopkins Bloomberg School of Public Health, Baltimore, MD
- 2005 – 2007 Teaching Assistant, Department of International Health
The Johns Hopkins Bloomberg School of Public Health, Baltimore, MD
- 2000 – 2003 Greater Horn of Africa Coordinator
AED/LINKAGES Project, Washington, D.C., Uganda, Kenya, and Tanzania

1993 – 1995 Associate Professional Officer
Food and Agriculture Organization (FAO), Rome, Italy

CONSULTANCIES

- 2016 Review of evidence and technical report, complementary feeding in the breastfed and non-breastfed child, World Health Organization (WHO)
- 2016 Meta-review of interventions to address anemia in low-income countries, USAID/SPRING project
- 2015 Revision and dissemination of conceptual framework for healthy growth and complementary feeding practices, World Health Organization (WHO)
- 2015 Assistance to a land-grant university to develop the nutrition component of the USAID Feed the Future Livestock Innovations Laboratory
- 2012–2013 Development of a conceptual framework for healthy growth and complementary feeding practices, World Health Organization (WHO)
- 2011 Systematic review of the care of children with severe malnutrition with respect to diarrhea and vitamin A, World Health Organization (WHO)
- 2006 Nutrition Strategy for Bill and Melinda Gates Foundation
Academy for Educational Development (AED), Washington, D.C.
- 2006 Training on Essential Nutrition Actions for Child Survival program staff
CARE, Atlanta, Georgia
- 2006 Paper on nutritional recommendations for people living with HIV/AIDS
SUSTAIN, Washington, D.C.
- 2004 Report on specialized foods for people living with HIV/AIDS
AED/Food and Nutrition Technical Assistance Project (FANTA),
Washington, D.C., Lusaka, Zambia
- 2004 Review of infant feeding and HIV/AIDS activities supported by the
President’s Emergency Plan for HIV/AIDS Relief (PEPFAR)
AED/LINKAGES Project, Washington, D.C.
- 1999 Papers on women’s nutrition and nutrition program impact on young child anthropometry
AED/Food and Nutrition Technical Assistance Project (FANTA), Washington, D.C.
- 1997 – 1998 Food security profiles and strategies for countries in Greater Horn of Africa
AED/LINKAGES Project, Asmara, Eritrea, Washington, D.C.
- 1997 Technical Cooperation nutrition program in Haiti
Inter-American Development Bank (IDB), Washington, D.C., Port-au-Prince, Haiti
- 1997 Food security training for field staff

Catholic Relief Services (CRS), Baltimore, MD; Cotonou, Benin; Brussels, Belgium

- 1996 – 1997 Nutrition section in World Bank Poverty Alleviation Report for Haiti
The World Bank, Washington, D.C.
- 1996 – 1998 Global Plan of Action for Food Security and Nutrition in Haiti
Food and Agriculture Organization (FAO), Rome, Italy, Port-au-Prince, Haiti
- 1990 – 2005 Board Member/Program Coordinator
Hands Together, Inc., Washington, D.C.; Port-au-Prince, Haiti

PEER-REVIEWED PUBLICATIONS

Iannotti L, Duliencie S, Joseph S, Cooley C, Tufte T, Cox K, Eaton J, Delnatus J, Wolff P. Fortified Snack Reduced Anemia in Rural School-Aged Children of Haiti: A Cluster-Randomized, Controlled Trial. *PLoS One*. 2016 Dec 22;11(12):e0168121.

INVITED PRESENTATIONS

The Lulun Project: Cracking the egg potential to improve early childhood nutrition and development

- USAID/Bureau for Food Security, Washington DC, December 1, 2016
- John Snow, Inc./SPRING, Washington DC, December 1, 2016
- University of Virginia/Center for Global Health, Charlottesville, VA, November 19, 2016

Animal-source foods and human nutrition.

- Global Food Security Summit, American Veterinary Medical Association, Washington D.C., February 10, 2017
- USAID TOPS Program, Nutrition/Food Technology Task Force & Agriculture/Natural Resource Task Force, Washington D.C. February 9, 2017
- Livestock and Household Nutrition Learning Series. USAID, TOPS, Land O'Lakes, ILRI. Washington, D.C. October 17, 2016.

Evolutionary Perspectives: The Importance of Livestock Development and Animal Source Foods in Human Nutrition. Global Food Security Consortium. Ames, IA. April 14, 2015.

Meat on Mondays: animal source food nutrition and market implications. Bill and Melinda Gates Foundation Grand Challenges Meeting. Seattle, WA. October 6, 2014.

Nutritional value of animal source foods. 2014 JAM Symposium: Crafting USAID's Livestock Research Agenda – Animal Science Priorities Under Feed The Future. Kansas City, MO. July 24, 2014.

Panel Discussion on the Impact of Nutrition and Infectious Diseases on Maternal and Child Health (Panelist). 2nd Annual Global Health and Infectious Disease Conference. March 28th, 2014.

Complementary food security in an Urban Slum of Haiti. IUNS 20th International Congress of Nutrition. Granada, Spain. September 15-20th, 2013.

Response to the “Design with the Other 90%: CITIES” Exhibit. Conversation @ the Kemper Art Museum.

Washington University Sam Fox School of Design and Visual Arts. November 1, 2012.

Food price crisis, poverty, and nutrition in Guatemala and Haiti (Co-presenter with Dr. Miguel Robles). The World Bank Latin America and Caribbean Region Nutrition Beam. February 14, 2012.

Fighting Famine in Africa & Malnutrition in Our Own Community (Panel moderator). Institute for Public Health Annual Conference, Beyond Borders: Transforming Health at Home and Abroad. October 5, 2011.

Health, nutrition and irrigation pumps ownership. Mind the Gap: From Evidence to Policy Impact. International Conference sponsored by International Initiative for Impact Evaluation (3ie). Cuernavaca, Mexico. June 15-17, 2011.

An alternative agenda: public health & nutrition in Haiti & East Africa. Global Health Symposium: The Many Paths to Global Health. Forum for International Health and Tropical Medicine. April 16, 2011.

Champions of Social Impact (Panelist). Meet the Leaders Series. The Woman's Club of Washington University. April 12, 2011.

The Public Health Burden of Hunger and Undernutrition. Mini-class for MPH Admitted Students Weekend. March 26, 2011.

Health & Nutrition in the KickStart Impact Evaluation. Leveraging Agriculture to Improve Nutrition and Health. Ministerial International Conference sponsored by International Food Policy Research Institute and others. New Dehli, India. February 2011.

Preventative Measures in Public Health: Young Child Nutrition in Haiti. Global Health Scholars in Medicine Presentation. Washington University School of Medicine. October 28, 2010.

Women's Empowerment: A Global Perspective (Panelist). Sue Shear's 21st Century Leadership Academy. University of Missouri - St. Louis. May 27, 2010.

Infant and Young Child Nutrition Mini-symposium (Co-chair). Experimental Biology 2010. Anaheim, CA. April 27, 2010.

Negative Calorie Impacts of the Food Price Crisis in Latin America (Poster presentation). Experimental Biology 2010. Anaheim, CA. April 25, 2010.

The Agriculture and Health Research Platform. Presentation for the Emerging Pathogens Institute. University of Florida, Gainesville. August 2008.

Global Hunger and Malnutrition. Presentation for the Congressional Hunger Center Leland Fellows pre-field training session. July 2007.

Maternal prenatal zinc supplementation influences growth during infancy in Peru (Oral presentation). Experimental Biology. April 2007

Complementary feeding of children 6-23 months of age in Andhra Pradesh (AP) and Uttar Pradesh (UP) states in India (poster presentation). Experimental Biology, The FASEB Journal. 2006.

RESEARCH GRANTS

- 2016-2017 Principal Investigator. Metabolic Analysis of Samples from Egg Intervention Trial. Bill and Melinda Gates Foundation.
- 2016-2017 Principal Investigator. Ecuador Nutrition and Livelihoods. Center for Dissemination and Implementation/Washington University.
- 2015-2016 Principal Investigator. Parenting for growth and development: a new intervention approach in Haiti. PH³/Institute for Public Health.
- 2014 – 2016 Principal Investigator. *Lulun Egg Project: Improving Young Child Nutrition in Ecuador*. The Mathile Institute.
- 2014 – 2015 Co-Investigator. *Evaluation of Environmental Contaminants Affecting Water Quality in Haiti*. I-CARES.
- 2014 – 2016 (Phase II) Principal Investigator. *Micronutrient-fortified food aid product project (in rural schools)*. Meds & Food for Kids and Washington University in St. Louis.
- 2011 – 2013 (Phase I) Principal Investigator. *Micronutrient-fortified food aid products pilot project (in urban schools)*. McGovern-Dole International Food for Education and Child Nutrition Program. USDA.
- 2010 – 2013 Principal Investigator. *Nutributter Pilot Study to Prevent Undernutrition and Micronutrient Deficiencies among Infants and Young Children in Haiti*. The World Bank, Alive & Thrive Small Grants Program, World Food Program, and Inter-American Development Bank.
- 2009 – 2013 Co-Investigator. *Poverty and health impact evaluation of KickStart treadle pump in East Africa*. International Initiative for Impact Evaluation (3ie).
- 2010 Principal Investigator. *Nutrition Programmes for FAO publication Milk and Dairy Products in Human Nutrition*, United Nations Food and Agriculture Organization (FAO).
- 2009 – 2010 Principal Investigator. *Nutrition impacts of the food price crisis and avian influenza*, International Food Policy Research Institute (IFPRI).

TEACHING EXPERIENCE

Washington University in St. Louis, George Warren Brown School of Social Work

Primary Instructor

Global Health

Public Health Seminar I and II

Public Health Theory

Program Planning, Implementation, and Evaluation

Transdisciplinary Problem Solving: Global Hunger and Undernutrition

Transdisciplinary Problem Solving: Public Health Interventions in Developing Countries (in Haiti)

Transdisciplinary Problem Solving: Chronic Disease Prevention, co-instructor

Received *Excellence in Teaching Award for Full-Time Faculty*, May 2014

Invited Lecturer

International Child Welfare

Cross-cutting Themes

Disaster and Vulnerable Groups

Global Health

Healthcare Policy and Services

Engineering, for First and Third-World Health, School of Engineering

Pediatric Gastroenterology noon conference, Washington University Medical School

Markey Pathway Translating Global Health, Washington University Medical School

Public Health Selective, Washington University Medical School

International Public Health, College of Arts and Sciences

Independent Studies

Issues in Global Undernutrition with focus on Kyrgyzstan

Program Evaluation in Haiti

PhD Advising and Dissertation Committees
