

Peg Allen

Prevention Research Center
The Brown School, Washington University in St. Louis
One Brookings Drive, Campus Box 1196, St. Louis, MO 63130
Phone: 314-935-0116
E-mail: pegallen@wustl.edu

Education:

- 2012 Ph.D., The Brown School
Washington University in St. Louis, St. Louis, Missouri
Built Environment Correlates of Physical Activity and Health among Older Adults
- 1985 M.P.H., Health Behavior/Health Education and Epidemiology
University of Michigan, Ann Arbor, Michigan
- 1981 M.A. in Liberal Arts, St. John's College, Santa Fe, New Mexico
- 1977 B.S. in Nursing, University of Missouri, Columbia, Missouri

Teaching Assistantships

- Spring 2010 Program Planning, Implementation, and Evaluation, Washington University
Mentored first-year MPH students in semester-long program planning projects,
lectured twice, coordinated course logistics and materials.
- Fall 2009 Cross-Cutting Themes in Public Health, MPH Program, Washington University
Coordinated course logistics and helped grade essay papers in a first year MPH
student course taught by Drs. Ross Brownson, PhD and Sarah Gehlert, PhD.
- 1984-1985 Epidemiology, School of Public Health, University of Michigan
Led student discussion groups and graded assignments for an introductory
epidemiology course for non-epidemiology majors taught by Dr. Jill Joseph, PhD.

Licensure:

- 1977- Licensed as a Registered Nurse in New Mexico with reciprocity in other states

Certification:

- 2005 Interdisciplinary Geriatric Certificate, New Mexico Geriatric Education Center
1991- Certified Health Education Specialist (CHES)

Employment:**July 2013 - Research Assistant Professor, Prevention Research Center
The Brown School, Washington University in St. Louis**

- Manage Dr. Ross Brownson's NCI-funded cluster randomized trial supporting selected state health departments in enhancement of capacity for evidence-based health promotion and chronic disease prevention. Guide national and state-specific survey data collection. Mentor staff and students in the study phases including manuscripts from a national survey of state health department staff. Lead qualitative interviewing, coding, analyses and syntheses. Lead two case studies. Lead data analyses and manuscript preparations.
- Co-Investigator on University of Washington's October 2013-September 2014 study to develop an evidence-informed mall walking program resource guide to enhance older adult physical activity opportunities. Contributed to the grant application. Co-developed an environmental audit tool, contributed to interview guide development. Trained and supervised a graduate research assistant in local data collection. Contributed to data analyses and manuscripts, and mall walking resource guide.
- Conducted structured qualitative interviews and led qualitative consensus coding and syntheses for a study comparing distance and in-person training modalities
- Co-Investigator on Dr. Ross Brownson's R01 that will study contextual factors of discontinuation of effective programs and continuation of ineffective programs in population-based chronic disease prevention programs sponsored by state health departments.
- Co-Investigator on Dr. Ross Brownson's randomized step-wedge cluster trial with 12 local health departments in Missouri on capacity building for evidence-based prevention of diabetes and other chronic conditions.

**2012-2013 Researcher, Prevention Research Center
The Brown School, Washington University in St. Louis**

- Coordinated the above-mentioned NCI-funded study led by Ross Brownson, PhD to determine which dissemination strategies are most useful to state health departments and partner organizations for use of evidence-based decision making (EBDM) for chronic disease prevention. Co-led development and testing of a nationwide survey on organizational supports for chronic disease prevention EBDM.

**2010-2012 Research Assistant, Prevention Research Center,
The Brown School, Washington University in St. Louis**

- Assisted Christine Hoehner, PhD and Ross Brownson, PhD, in creation of spatial GIS-derived measures of the built environment, data management, and analyses of linked spatial and Cooper Institute demographic and health data to test relationships of environment with physical activity and clinical indicators of chronic disease.
- Conducted literature review of administrative and management practices associated with local health department or other public agency performance.

**2008-2009 Senior Research Assistant, Center for Tobacco Policy Research,
The Brown School, Washington University in St. Louis**

- Assisted Doug Luke, PhD, Jenine Harris, PhD, and Bobbi Carothers, PhD, in development of quantitative and qualitative evaluation instruments, data collection, and analyses for evaluation of national tobacco control inter-organizational networks
- Conducted social network analyses and qualitative data analyses for the evaluation.
- Helped interpret and summarize results.

**2007-2008 Associate Scientist II, Prevention Research Center, Department of
Pediatrics,
School of Medicine, University of New Mexico, Albuquerque, NM.**

- Assisted Linda Peñaloza, PhD and Susan DeFrancesco, JD, MPH, with multiple program evaluation, research and consultation projects with state agencies in the areas of injury prevention, tobacco control and school health.
- Assisted with program evaluations of several state funded after-school programs for the state education department.
- Assisted with statewide data collection for a high school risk and resiliency survey.
- For a previously developed survey of youth tobacco coalitions in New Mexico, conducted descriptive statistical analyses and summarized findings.
- Co-developed materials summarizing and promoting the New Mexico Injury Prevention Strategic Plan 2008-2012 and New Mexico Injury Prevention Coalition.

2003-2007 **Associate Scientist II, Division of Geriatrics, Department of Internal Medicine, School of Medicine, University of New Mexico, Albuquerque, NM.**

- Coordinated data collection, data entry and verification, and data management of an NIDDK, NIH-funded randomized clinical trial to test effectiveness of a diabetes primary prevention healthy lifestyles program with young American Indian women, led by Carla Herman, MD, MPH, Principal Investigator and Janice Thompson, PhD, project director. Took over many of Dr. Thompson's duties Spring 2005 when she moved to England, including submission of non-competing renewal applications and reports. Worked with statistician on data analyses. Prepared results and wrote papers.
- With Dr. Janice Thompson, updated the scientific content of two curricula for Native American adults with diabetes, in partnership with the CDC National Diabetes Prevention Center.
- Developed, piloted, revised and launched a volunteer Senior Mentor Program with the guidance of Carla Herman, MD, MPH, Chief, Division of Geriatrics, in which medical students pair with active seniors to learn about successful aging.

2001-2003 **Research Scientist III, Epidemiology and Cancer Control, School of Medicine, University of New Mexico, Albuquerque, NM.**

- Co-Investigator and coordinated CDC-funded cross-sectional quantitative interviewer-conducted survey study on use of complementary and alternative medicine (CAM) among adults with arthritis led by Carla Herman, MD, Principal Investigator. Coordinated focus groups for survey development, survey design, data collection and management. Interpreted results, wrote project reports and papers.
- Coordinated a needs assessment funded by the American Cancer Society on use of CAM and future CAM service preferences among clinic outpatients at the University of New Mexico Cancer Treatment and Research Center under the leadership of Drs. Carla Herman and Arti Prasad, MD. Coordinated survey development, data collection and management. Analyzed the descriptive data and wrote the reports.
- Coordinated the launching of a CDC-funded interviewer-administered quantitative survey study of cervical health histories with women with cervical cancer, led by Drs. Carla Herman and Jan Gaylord, while Dr. Gaylord was on extended maternity leave.

1995-2001 **Research Scientist III, Prevention Research Center, Center for Health Promotion and Disease Prevention, Department of Pediatrics, University of New Mexico Health Sciences Center.**

- Co-Investigator and coordinated UNM's participation in the Youth Tobacco Study from 1995-1999, a collaborative qualitative study with 13 university Prevention Research Centers and the Office on Smoking and Health, CDC. Hired and supervised research assistants, focus group moderators and interviewers. With Sally Davis, the Principal Investigator led the data collection and analyses. Summarized findings.

- In 1999-2001, coordinated a CDC-sponsored grant that supported tobacco control partnership projects with statewide health and education agencies. Partnership projects included technical assistance and training on program evaluation with local tobacco control contractors, provision of a tobacco control resource directory, a summary report of tobacco surveillance in New Mexico, and technical assistance in youth tobacco use surveillance, public school tobacco policy development, and statewide school-based tobacco control planning.
- In 1999-2001, coordinated a CDC-funded project on pre-service preparation of educators and healthcare professionals in coordinated school health. Worked with health sciences faculty to develop and insert school health problem-based learning cases into coursework. Worked with the College of Education to insert coordinated school health training in classroom teacher and school principal pre-service and continuing education courses.
- In 1999, obtained funding and coordinated a multi-year tobacco control networking project. Established a campus-wide tobacco research and control network and forums.
- In 1999, partnered with statewide education and health agencies on the Growing Health Kids Nutrition, Tobacco and Activity Strategic Planning Forum and Report.
- In 2000, led a research team's qualitative focus group data analyses for CDC-funded study on barriers and enablers of physical activity among American Indian women, Janice L. Thompson, PhD, Principal Investigator.

1994 **Health Educator, Public Health Division District I, New Mexico Department of Health, Albuquerque, NM.**

- Provided community health promotion with three local public health offices.
- Provided trainings in tobacco use prevention and cessation and stress management.
- Conducted breast and cervical cancer prevention project clinical follow-up.
- Evaluated local teen Women Infants and Children program.
- Provided staff support to regional violence prevention coalition.
- Promoted coordinated school health regionally. Trained and provided consultation to new Desert High School Health Promotion, Inc. coordinator and helped with annual statewide school health promotion conference.

1993 **Coordinator, Desert High School Health Promotion, Inc., Albuquerque, NM.**

- Coordinated school health promotion efforts of statewide volunteer non-profit organization.
- Set up and managed the group's first office; provided administrative and logistical support to the volunteer officers and the statewide volunteer network.
- Coordinated training; provided technical assistance to local health teams; administered incentive grants to local health teams; coordinated regional school health workshops; wrote quarterly newsletters.
- Coordinated annual statewide school health promotion conference.

1992 **Health Educator, American Stop Smoking Intervention Study for Cancer Prevention (ASSIST), Health Promotion Bureau, New Mexico Department of Health, Albuquerque, NM.**

- As part of a team, participated in initial planning and development stages of seven year statewide coalition-based tobacco use prevention project.
- Conducted community assessments and interviews with potential tobacco prevention advocates and opponents. Wrote reports.
- Provided staff support to statewide tobacco use prevention coalition.

1989-1991 **Coordinator, School Health Promotion, Health Promotion Bureau, New Mexico Department of Health, Santa Fe, NM.**

- Collaborated with other state agencies and schools to promote statewide school health policies.
- Administered incentive grants, provided technical assistance in coordinated school health, provided follow-up with local school health teams.
- Provided program direction to two district level school health specialists.
- Managed budget for five staff.
- With volunteers, planned and coordinated annual statewide school health promotion Desert High conference; developed and managed budget for Desert High. Coordinated regional Desert High school health workshops.

1987-1988 Health Educator, Tobacco Use Prevention Program, Health Promotion Bureau, NM Department of Health, Santa Fe, NM.

- Coordinated statewide tobacco prevention and cessation projects. Guided field staff in tobacco free efforts; provided training, consultation, education materials and support to field staff.
- Consulted with businesses and school districts on smoking policies.
- Provided staff support for the two statewide tobacco free coalitions.
- With a team, developed employee wellness workshops.

1985-1986 Data Collection Coordinator, NM Tumor Registry, University of New Mexico, Albuquerque, NM.

- Hired and supervised data collectors for statewide cancer registry.
- Wrote data collection manual; revised computerized data collection entry forms.
- Provided ongoing training in cancer knowledge needed for accurate data collection.

1984-1985 Research Assistant, Health Behavior/Health Education School of Public Health, University of Michigan, Ann Arbor, MI.

- Assisted Dr. Barbara Israel, PhD and team in the start-up of a participatory research study on stress management at an automobile manufacturing plant. Participated with researchers and employees in joint development of measurement instruments. Conducted in-depth individual interviews with employees for formative assessment.

1982-1984 Adult Health Nurse in Chronic Disease Prevention, Santa Fe District Health Office, New Mexico Department of Health, Santa Fe, NM.

- Provided employee and community wellness trainings with local businesses and community groups in an eight county area in northeastern New Mexico.
- Trained local public health nurses in blood pressure measurement and monitoring.
- Provided hypertension management consultations with individual clients.

Membership in Professional and Community Health Organizations:

Healthy Aging Research Network, 2012-2014
 Gerontological Society of America, 2009-2018
 American Public Health Association, 1985-present
 Americans for Non-Smokers Rights, 1987-2008
 Desert High School Health Promotion (New Mexico statewide group), 1987-2003
 New Mexico Committee on the Public Health Impact of Smoking, 1987-1995
 New Mexico Public Health Association, 1983-2008

Awards

2016 APEX Award for Publication Excellence for “Mall Walking: A Program Resource Guide”
 Belza B, Allen P, Brown DR, Farren L, Janicek S, Jones DL, King DK, Marquez DX,
 Miyawaki CE, Rosenberg D. *Mall walking: A program resource guide*. Seattle, WA:
 University of Washington Health Promotion Research Center; 2015.
<http://www.cdc.gov/physicalactivity/downloads/mallwalking-guide.pdf>
 May 2010 Excellence in Teaching Award, Brown School, Washington University in St. Louis
 Teaching Assistant in the MPH program’s inaugural year.

Pending Research Support

“Review of Measures of Policy Implementation Predictors and Outcomes”
Washington University Institute of Clinical and Translational Sciences
Clinical and Translational Research Funding Program Pilot Grant
March 1, 2019 – February 28, 2020
Role: Principal Investigator

Current Grants and Contracts:

“Enhancing Evidence-based Diabetes Control Among Local Health Departments”
NIDDK R01DK109913
Ross C. Brownson, PhD, Principal Investigator
National Institute of Diabetes and Digestive and Kidney Diseases
National Institutes of Health
July 2016 – June 2021
Role: Co-Investigator

“Mis-Implementation in Cancer Prevention and Control”
NCI R01CA214530
Ross C. Brownson, PhD, Principal Investigator
National Cancer Institute, National Institutes of Health
April 1, 2017 – March 31, 2022
Role: Co-Investigator

Past Grant and Contract Funding:

“Disseminating Evidence-Based Interventions to Control Cancer”
NCI 5-R01-CA160327
Ross C. Brownson, PhD, Principal Investigator
National Cancer Institute, National Institutes of Health
May 3, 2012 – March 31, 2018
Role: Project Manager

“Scaling-up Capacity for Evidence-Based Public Health”
RWJF 71704
Ross C. Brownson, PhD, Principal Investigator
Robert Wood Johnson Foundation
May 2014 – May 2018
Role: Co-Investigator

Prevention Research Center of St. Louis (Cooperative Agreement Number U48/DP001903)
Ross C. Brownson, PhD, Principal Investigator
Centers for Disease Control and Prevention, the Prevention Research Centers Program
July 2011- July 2012
Role: Senior Graduate Research Assistant

American Cancer Society Mentored Research Scholar Grant (MRSG-07-016-01-CPPB)
Christine M. Hoehner, PhD, Principal Investigator
American Cancer Society
January 2010 – June 2011
Role: Senior Graduate Research Assistant

“The University of New Mexico Center on Aging Comprehensive Program to Strengthen Physicians’ Training in Geriatrics”

Carla J. Herman, MD, MPH, Principal Investigator

Donald W. Reynolds Foundation

September 2003-August 2008, Amount \$2,000,000.

Role: Staff Member

Consultation and program evaluation contracts with New Mexico health and education agencies.

Linda J. Peñaloza, PhD, Principal Investigator

New Mexico Department of Health, New Mexico Public Education Department

July 2007 – August 2008, Varying amounts.

Role: Evaluator, staff member

“Family Centered Diabetes Project”

Diabetes Primary Prevention Study with Young Urban Native American Women

Carla J. Herman, MD, MPH, Principal Investigator

Janice L. Thompson, PhD, Project Director 2001-2005

NIDDK, National Institutes of Health (R01 DK47096)

December 2001- December 2007, Amount \$1,848,626.

Role: Technical Staff Member

“Revision of Strong in Body and Spirit and Partners in Care”

Janice L. Thompson, Principal Investigator

National Diabetes Prevention Center, Centers for Disease Control and Prevention

July 2004 – June 2005, Amount \$98,000.

Role: Technical Staff Member

“Complementary and Alternative Medicine Use Among Persons with Arthritis in New Mexico”

Carla J. Herman, MD, MPH, Principal Investigator

Centers for Disease Control and Prevention

October 2000-September 2003, Amount \$299,298.

Role: Project Manager

“Integrative Medicine Needs Assessment at the University of New Mexico Cancer Research & Treatment Center”

Carla J. Herman, MD, MPH and Arti Prasad, MD, Co-Principal Investigators

American Cancer Society Institutional Research Grant

September 2002 – June 2003, Amount \$20,000.

Role: Project Manager

“Factors Related to Poor Follow-up among Women with Abnormal Pap Test Results in the National Breast and Cervical Cancer Early Detection Program”

Carla J. Herman, MD, MPH and Jan Gaylord, PhD, Co-principal Investigators

Centers for Disease Control and Prevention

September 2001-September 2004, Amount \$350,000.

Role: Interim Project Manager

“Identifying Culturally Appropriate Physical Activity Programs for Women, The Women’s Cardiovascular Health Network Project”

Janice L. Thompson, PhD, Lori Lambert, PhD, Sally M. Davis, PhD, Co-Principal Investigators

Centers for Disease Control and Prevention, Prevention Research Center Special Interest Project
October 1999 – September 2001, Amount \$122,400.
Role: Technical Staff Member

“Effective Coordinated School Health Programs”
Sally M. Davis, PhD, Principal Investigator
Centers for Disease Control and Prevention, Prevention Research Centers Special Interest Project
October 1999 – September 2001, Amount \$200,000.
Role: Project Manager

“State and Community Partnerships in Tobacco Control”
Sally M. Davis, PhD, Principal Investigator
Centers for Disease Control and Prevention, Prevention Research Center Special Interest Project
October 1999 – September 2001, Amount \$200,000.
Role: Project Manager

“Prevention Center Tobacco Network”
Sally M. Davis, PhD, Principal Investigator
Centers for Disease Control and Prevention, Prevention Research Center Special Interest Project
October 1999 – September 2001, Amount \$20,000.
Role: Project Manager

“Youth Tobacco Studies”
Sally M. Davis, PhD, Principal Investigator, Peg Allen, MPH, Co-Investigator
Centers for Disease Control and Prevention, Prevention Research Center Special Interest Projects
October 1995 – September 1999 (several related one-year studies), Amount \$350,000.
Role: Project Manager

“Individual In-depth Interview Substudy Data Analysis”
(Supplemental Youth Tobacco Study data collected by four Prevention Research Centers)
Robert Wood Johnson Foundation
Myra A. Crawford, PhD, Principal Investigator
October 1997 – May 1998, Amount \$13,000.
Role: Project Manager
